During observation in competition or after checking your international classification card, I noted that your classification seems to be inconsistent.

You must take part in the next tournament sanctioned for reevaluation to be reviewed by a panel of official international classifiers within 12 months.

If you do not take part in a tournament sanctioned for reevaluation, you will not be allowed to participate at any PTT tournament or Championships until this re-evaluation has been done. Please make contact urgently with the Classification Manager (e-mail: classification@ittf.com) and Georgios Seliniotakis (e-mail: selection.officer@ipttc.org) to make the necessary arrangements:

By signing this form, the player confirms that he or she understands the implications of not participating in a PTT event sanctioned for reevaluation within the next 12 months.
