

## INTERNATIONAL TABLE TENNIS COMMITTEE

---

### **STANDARD OF CLASSIFIERS**

The Medical Committee proposes 4 levels of classifiers plus a level of classifiers that can conduct a seminar.

A : Trainee, who did one seminar

B : Junior classifier, who attended two seminars. The junior classifier can do classifications on National level.

The junior has proven to be able to do independently classification at the end of the seminar during the classification of athletes.

C : Junior classifier, who attended three seminars. This junior can do classifications at Regional Level. The third seminar will have more practical aspects and will be finished by an exam :

- \* theoretical, especially concerning table tennis
- \* practical
  - own playing abilities
  - doing (borderlines) classifications and arguing the outcome

D : Senior classifiers, who will be nominated by the Medical Committee (or board of nomination). The senior can do classifications on World Level.

Conductors of seminars are senior classifiers who have proven to have qualities to conduct Seminars. The nomination will be done by the Medical Committee (or board of nomination).

#### General

- \* Each seminar has theoretical and practical aspects. From level A to level C, more emphasis will be on the practical aspects.
- \* During the seminar, attention will be given to the “Code of Conduct”. This conduct consists the rules how as a classifier to behave to the athlete and the coach.
- \* Each seminar recognizes 2 kinds of classifiers :
  - the (para)medical classifier
  - the technical classifier
- \* A classification panel should consist of a technical and a (para)medical member.
- \* The names of the classifiers shall be on the web by Region.
