## Accommodation

The participants of EC 2005 including all of the officials were accommodated in 18 hotels ( \*\*\* or \*\*\*\*\* ). The level of the hotels was different. Most of them were very good, but some of the delegations had problems with the accessibility of some rooms and bathrooms for their wheelchairs. Organizers tried to change these rooms, but they did not have possibility to change all the needed number. The level of the meals in all of the hotels was very good.

The names of the hotels :

- |                             |                              |

## Venue

### **Palazzo del Turismo Jesolo**

Floor	Taraflex
Lighting	Very good, approximately 1 000 Lux
Spectator seats	3.000 seats
Referee's table	In the middle of one side of playing field
Gluing room	In the foyer of the Venue
Officials rooms	OC room TD room room for Sport Assembly, meetings, draws, seminars room for Doping control

## Transport

Between airport and hotels transport was mostly O.K., only some of the delegations had to wait some time for transport ( big traffic on the route ). We had a lot of problems with the transport between the hotels and the venue too, especially in the first days. Step by step it was better and the final days this transport was very good.

The basic problem was that OC did not have one or two special responsible persons for the transport and this is not possible for big tournaments.

were made 24<sup>th</sup> September and the next 11 were made 25<sup>th</sup> September.  
The Doping control team worked in prepared room of First aid in the ground  
Floor of the Venue. The room was well prepared.

## Evaluation

Tournament	Good
Accommodation	Good with the problems of accessibility of some of the hotels for the wheelchairs
Transport	Partly good, but the first days some players stayed without needed transport
Meals	Good ( in hotels very good )
Venue	Very good
Practise hall	Sufficient only
Tables	New and accessible for wheelchair users – very good
Referees	Very good
Umpires	Most of them very good, some of them good
Competitions	The Championships started bad but finished much better. During the Championships it was necessary to solve a lot of small and bigger problems.
Computer	Very good (referee and deputy work with them only )
Organizing comm.	OC was to small, ( not enough responsible people were there for the needed communication with the delegations and officials ).
Volonteers	Big number of young people, which tried to help OC, but sometimes nobody organized them.

## Conclusion

### **We finished the Championships in time and played the planned competitions.**

During the EC 2005 we had to solve a lot of different problems. Nevertheless, the reasons for these problems were not only the organizers. A big part of the problems were caused by some indisciplined delegations too, because they sent the confirmation of 2. Entry after the deadline, or they made, after the deadline of 2. Entry, many changes.

OC had problems with the executory promises from some sponsors and local organisations.

Lastly we would like to thank this small OC of EC 2005, for big job, therefore they had to work very hard and without some break many days before and during the competition. Some of these negative experiences could be a warning for the organizer of the next Regionals.
