5. Other matters

The Selection Committee shall try to respect as much as possible the explained above systems.

One of our missions is also to give the possibility to some Regions to develop our sport in their Countries.

To select a player by WC in these Countries can be a very good starter for the Table Tennis Development.

The Selection Committee have also to think about this important question !

We shall try to satisfy most of the requests, butsometimes it shall not be possible !

If for any reason, you cannot agree with the decisions from the Selection Committee, you shall have the possibility to enter a protest from.

The protest form shall be published and send to the NPCs on March 15th, 2006
