Apology :

As the new program from Dr WU was use for the first time during the tournament, we were is some troubles during the team event due to the use of the first names of the players only as team names.
This is already corrected and in the program use in Cologne the team names were the names of the countries and the names of the players in each team composition are written on the sheet.

The needed change of Referee and deputy Referees at the last moment due to an ETTU nomination for our appointed Referee some days before the start of the tournament put also some stress on the referee desk.

With 200 players and 24 tables, the best is to foresee 4 competition days instead of 3 days only.

**CONGRATULATIONS to Gorazd and his complete team.
THANK YOU FOR ALL THE WORK AND THE NICE BUT
DIFFICULT TOURNAMENT .**
