

## ADDITION TO NOTE OF THE REGIONAL CHAMPIONSHIPS 2011

Our four ITTF PTT Regions have different possibilities for the organization of their Regional Championships. They need various number of playing days, TT tables, accommodation or way of the transport.

**However some of the basic conditions could be the same for all of the Regional Championships:**

1. the needed number of accommodation will have to be fully accessible for the wheelchair participants
2. the Venue has to be accessible for the wheelchairs participants and satisfy the conditions for TT tournament
3. the TT tables for the wheelchair part of the tournament will have to be ITTF PTT approved
4. OC of each Regional Championships must have enough members with good experiences from ITTF PTT tournaments
5. OC should have good contact with the city officials and with representatives of the Region of the country
6. OC should have the good cooperation with the media
7. Representative of OC will have to sign the contract between (OC + NTTA) and ITTF HQ in Lausanne, Switzerland.

We suppose that each OC of the future candidates of the Regional 2011 must have people with knowledge of the conditions of the ITTF PTT tournaments. In this case we are sure these simple information above and the last version of our Rules, which is on our web pages, could give them all the necessary information to fill in the Application form.

Nevertheless, if you will need some information or details about the condition for Championships in your Region, please ask your Regional Representative. One month ago new Regional Representatives were elected in the ITTF AGM, and we also indicate e-mail addresses of the former representatives of the Regions.
