## 1- Background

Asian Youth Para Games is a multi-sports youth sporting event with the first Games held in Tokyo, Japan in 2009 and the second Games held in Kuala Lumpur, Malaysia in 2013. This is the third time the Games is held. There are 30 countries and 800 athletes participating in the event. Sports events include Athletics, Swimming, Boccia, Goal Ball, Badminton, Powerlifting and Table Tennis.

## 2- Accomodation and Meals

All the athletes stayed at Al Bustan Hotel while the staff and technical officials stayed at Movenpick Hotel.

Address: Al Nahda Road, Al Towar Dubai UAE

Al Bustan Hotel has a total of 640 rooms, including Single, Double, Triple and Quadruple rooms. The hotel has enough rooms for wheelchair persons.

Alongside the hotel, there is a mall with several restaurants. Breakfast, lunch and dinner are all served on-site and in a buffet style, offering a variety of different foods, and if needed, lunch boxes can be arranged in the restaurant.

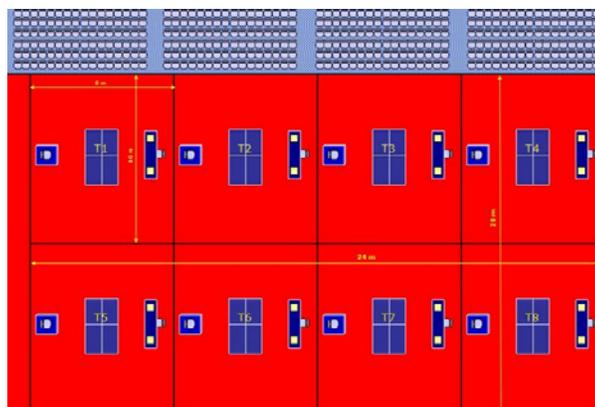

Wi Fi service is available.

Free water is also provided at the venue.

### 3-The Venue

Table Tennis was played at the Dubai Club for People of Determination, a sports center for the handicapped, with playing fields, track and field, conference halls and offices. Table Tennis, Athletics, Goal ball and Powerlifting were all held here.

The size of the venue is not big enough, only 24M x 20M for 8 tables. The size of the field of play in the preliminary rounds is 6M x 10M. For the last day of the competition, only 4 tables were used, each field of play size is 6M x 12M.

The venue is shared with the Goal Ball. Goal Ball was played in the morning while table tennis was played in the afternoon i.e. from hours 15:30 to 22:00 because of the need to remove the Goal Ball facilities and to set up the tables and surrounds.

The spectators stand is located on the side of the stadium and can accommodate about 200 people with the wheelchairs persons watching the matches on the side. Owing to the small size of the venue, the passage way is very narrow and crowded.

There is no warming up venue, so practice sessions were held on the 8th and 9th December, 2017. For other days (10<sup>th</sup> to 13<sup>th</sup> December, 2017) players were allowed to warm up for 1 hour before the start of the matches.

The organiser originally planned to cancel the team competition because of the tight time factor. However the countries appealed and it was finally decided to carry out the team events. The teams agreed to play the matches until 11 pm or even later.

## **16- Conclusion and recommendations:**

I know that the Organising Committee has been given a very short period of time to take over the games, so I understand all aspects of the deficiencies. We are utilizing the resources available and making every effort to run the competition smoothly. From the number of participants taking part, a lot of young athletes took part this time. This is good and beneficial for the promotion Para Table Tennis.

We would like to take this opportunity to express our sincere thanks to the organizing committee, officials, all staff and volunteers for the great work done.

Suggestions for future improvements are as follows:

1. In the early stages, most of the information was not circulated until very late, especially the registration of participants as NPC directly send the registration to LOC. LOC is advised to check with ITTF with the list as soon as possible so as to avoid time constraints which is causing some new players difficulties to register in time.
2. The competition venue is too small. Furthermore another sports – Goal Ball share the same venue in the morning session. Time allocated for table tennis is from 3.30 pm to 10.00 pm. As such, the time allocated for table tennis is insufficient for the competition proper as well as for the warming up sessions. Hopefully special attention is given to this matter so as to overcome this problem in the near future.
