Accommodation:

Bungalow Park "Hunzedal" in Borger city, a very big recreational park with a beautiful lake in the middle and full of nature.

The accommodation was good, at 20 km from the venue.

The teams slept in bungalows with 2 or 3 rooms, bathroom and kitchen, the distance from the bungalows and the reception and restaurant was between 50 and 100mts..

The accessibility was good enough.

Meals:

Breakfast and Dinner in the bungalows restaurant with good level of quality. The first day there was a waiting time of around 30 minutes to have breakfast but it was solved the second day opening the restaurant 30 minutes earlier.

The Lunch was served in the Venue and consist about 3 sandwiches, a hot soup (very nice idea), a softdrink, a fruit and a chocolate bar. The level was good.

Transport:

2 Buses and 4 Shuttle Vans loaded by ramp.

Very good service from and to Emmen or Assen railway stations with no complains received. Distance of 20/30 minutes.

During the Competition days there were 4 buses and 6 minibuses between bungalows and venue, the bus adapted for wheelchairs spent lot of time to be loaded and the first person could wait more than 30 minutes to the last one.

During the day when needed.

Some nations were in Emmen with their own transport.

Evaluation:

Accommodations: good, It was different than other tournaments, with village atmosphere in a place plenty of nature. No complains were received.

Transport: Very good from and to Railway stations. From Bungalows to Venue at the morning the wheelchair players had to wait so much, for the standing people it was good enough.

Venues: Very Good! Perfect organisation and distribution of the tables, surroundings and corridors.

Tables: good conditions and accessible for wheelchair users.

Umpires: Very good level and work!

Ball People: There was enough and made good work.

Competitions: Good organisation. Most of the matches started as scheduled. But the referee made most of the work.

Information: The information was distributed in very good conditions, there was pigeon boxes in venue and bungalows reception and also an information desk with good service. There was a blackboard of results in the main entrance of the venue and it was updated very oft .

Computer: very professional work!

Extra Programs: There was an exhibition during competition with some famous able body players that played with disabled players. It was very funny and attractive for the public. The final games of a tournament for local kids were staged during tournament. There was many children as spectators. Good Ideas!!!

Org. Committee:

Enough people involved during the competition, the OC has worked very professionally.

Conclusion: *In General, the tournament was organised with very good quality, for the next time perhaps can be better to arrange transport for wheelchair users with smaller buses in order to load them faster. The restaurant can be opened more than 1 hour in the morning for the breakfasts, so in that way the people don't have to wait so long. And next time please help a little bit more the referee in her/his duties. I think this three issues can be easily changed for next edition! Congratulations Eurochamp, very good job, Well done!*
